Re: FOIA Case No. 2019-FPRO-00968

Dear Ms. Best,

This is in response to your letter dated May 21, 2019, which was received by the Headquarters Requester Service Center on May 21, 2019, and was forwarded to this office on May 24, 2019. Your request was assigned case number 2019-FPRO-00968. In your letter, you requested the following records under the Freedom of Information Act (FOIA), 5 U.S.C. § 552:

1. Documents generated as part of the creation of the FOIA office (defined as whatever department, office, or coordinator is responsible for overseeing and/or processing FOIA requests), whether this was at the time of the agency's creation or the passage of the Freedom of Information Act, to include:
 - a. The instruction to do so from the Agency, as well as any guidance from the senior leadership
 - b. Documents discussing proposals and procedures
 - c. Any legal guidance or analysis produced or acquired by the Agency in response to or as part of the creation of the FOIA office
 - d. Internal documents from the press office, legislative liaison's office (or equivalent), general counsel's office (or equivalent), director's office (or equivalent) or the newly created FOIA office, reacting to or characterizing the office and its creation
2. A copy of the agency's first perfected (successful) FOIA request
3. Copies of other FOIA requests filed before the FOIA request described above
4. Processing notes, search slips and response documents regarding the FOIA requests described above
5. The first set of guidelines, instructions and/or forms created to control the agency's processing of FOIA requests
6. A copy of the agency's first successful FOIA appeal
7. Copies of other FOIA appeals received by the agency before the appeal described above
8. Processing notes, search slips and response documents regarding the FOIA appeals described above
9. The first set of guidelines, instructions and/or forms created to control the agency's processing of FOIA appeals

Parts 1(c) and 6-9 were referred to this office for response.

Based on your description of records sought, a search was conducted of the files maintained by Postal Service Law Department. Given the probable age of the requested records, a search was also conducted of the historical documents maintained by the USPS Corporate Library.

This search located nine pages of responsive records. These documents comprise guidelines related to the processing of FOIA appeals, in response to part 5 of your request. In the interest of transparency, we are providing you with the first guidelines put in place by the United States Postal Service as well as the first set of guidelines that were promulgated by its predecessor, the Post Office Department, at the time that the FOIA was passed. These pages are released to you in their entirety.

This search did not locate records responsive to the other portions of your request that were referred to this office for response. Any legal advice related to the creation of the FOIA office would be roughly fifty years old and, if such records did exist, they would have been destroyed by this time, in accordance with record retention policies. Similarly, the first FOIA appeals would also date from nearly fifty years ago and would have been destroyed in accordance with postal retention policies.

If you are not satisfied with the response to this request, you may file an administrative appeal within 90 days of the date of this response letter by writing to the General Counsel U.S. Postal Service 475 L'Enfant Plaza SW Washington, DC 20260 or via email at FOIAAppeal@usps.gov. Your appeal must be postmarked or electronically transmitted within 90 days of the date of the response to your request. The letter of appeal should include, as applicable:

- (1) A copy of the request, of any notification of denial or other action, and of any other related correspondence;
- (2) The FOIA tracking number assigned to the request;
- (3) A statement of the action, or failure to act, from which the appeal is taken;
- (4) A statement identifying the specific redactions to responsive records that the requester is challenging;
- (5) A statement of the relief sought; and
- (6) A statement of the reasons why the requester believes the action or failure to act is erroneous.

Subchapter 110 INTRODUCTION

Part 111

WHAT THIS CHAPTER COVERS

Chapter 1 provides the regulations of the Post Office Department to assist the users of its domestic services in obtaining the maximum benefits from its personnel and facilities. This chapter includes the specified rates for stamps and postage and restrictions governing their use, the particulars distinguishing the various classes of mail and conditions entitling the public to the privileges of those classes, the requirements for proper wrapping and mailing of matter to be mailed, an explanation of the collection and delivery services of the Department, and details of the special mail and nonmail facilities of the Department. Regulations which do not directly affect users of the mail, such as those dealing with mail transportation, are published in the *Federal Register*. The *Federal Register* contains additional regulations which are of little interest to the general mailing public, such as rules of procedure. Notwithstanding any statement contained in this chapter, the burden rests with the mailer to assure that he has complied with the laws enacted by Congress.

Part 112

DOMESTIC MAIL SERVICE

Domestic mail means mail transmitted within, among and between the United States; its territories and possessions; Army-Air Force (APO) and Navy (FPO) post offices; also mail for delivery to the United Nations, N. Y. The term *territories and possessions* includes:

- .311 This section covers all records which are not covered by section 113.2 and which are not of the kind listed in section 113.15.
- .312 The best guide to the location of any matter covered by this section is chapter 8 of the Postal Manual which contains a description of departmental organization and of the function of the Bureau and offices at Headquarters, regional offices, postal data centers and post offices. Because of the manifold variety of records and the large number of separate postal facilities, it is impractical to prepare an itemized directory of matters covered by this section. (See sec. 113.12 for further information.)
- .313 Change of address of a postal patron may be furnished upon request in accordance with section 113.32 and upon payment of the fee set forth in the schedule of fees in section 113.5.

.32 PROCEDURE

All records covered by this section may be made available pursuant to the following procedures:

- a. Submit a written request to the local postmaster, or if known, to the head of the installation at which the record is maintained, identifying the material sought by name, subject matter or number, regardless of whether the request is for inspection or copy only. If the request is for inspection, it shall also include a statement that the private party inspecting the record shall not make, alter or falsify a record, conceal, destroy, mutilate or remove any record or part thereof under penalty of law (18 U.S. Code 494 and 2071).
- b. Installations receiving requests which describe records located elsewhere in the Department or at another agency of the Federal government will forward the request to the appropriate office.
- c. Installations receiving requests for inspection or copy which do not contain sufficient information to identify the record will answer the request as soon as possible. The answer will state that the installation is unable to identify the record from the information in the request, or if possible, what additional information would be necessary in order to identify the record requested or that there is no known record containing the information requested and that the Department will not compile data or otherwise create any record except when it is in the furtherance of Post Office Department business.
- d. Installations receiving requests for inspection or copies of records in their custody will answer the requests as soon as possible. The answer will state:
 - (1) whether the record or copy can be made available and, if not, the reason therefor.

If a request to inspect or copy a record is denied by the organizational segment of the Department to which the request is made, or in which the records are maintained, the private party may appeal such a denial to the General Counsel, Post Office Department, Washington, D.C. 20260. The General Counsel's decision shall constitute the final decision of the Department on the legal right to inspect or copy a record. The notice of denial shall advise the requesting party of his right to appeal to the General Counsel.

.42 APPEAL PROCEDURE

- The appeal to the General Counsel shall be submitted in writing within 10 days from the date of denial. The letter of appeal shall include:
 - a. Complete identification of the material to which access was denied.

In addition the General Counsel may, for good cause shown, permit waiver of said fees.

113.6 COMPLIANCE WITH SUBPENAS DUCES TECUM AND SUMMONSES

.61 COMPLIANCE WITH SUBPENA DUCES TECUM

.611 Time, leave and payroll records of postal employees are subject to production when a subpoena duces tecum has been served. Authority is hereby delegated to Regional Directors, Postal Data Center Directors, and in those regions which have regional counsels, to the regional counsels to authorize the production of time, leave and payroll records in response to a properly served subpoena duces tecum. The custodian of the records may designate a postmaster, postal inspector, or other postal official conveniently located to the court to present the records. The presentation by such a designee must meet with the approval of the attorneys for each side.

.612 If the subpoena calls for employee records involving a job-connected injury, the records are under the exclusive jurisdiction of the Bureau of Employees' Compensation, Department of Labor. Such records may not be produced without the prior consent of that Department. Requests for authorization for the production of these records shall be addressed to: Bureau of Employees' Compensation, U.S. Department of Labor, Washington, D.C. 20210.

.613 If the subpoena calls for employee medical records, they may not be released except as stated herein. These records are primarily under the exclusive jurisdiction of the United States Civil Service Commission. The Civil Service Commission has delegated authority to this Department and to the Commission's Regional Directors to release medical information, in response to proper requests and upon competent medical advice, in accordance with the following criteria which have been prescribed to adequately safeguard the interests of the Government and the employee:

- Except in response to a subpoena, no medical information about an employee will be released to any non-Federal entity or individual without authorization from the employee.
- With authorization from the employee, this Department's Regional Director

tors, Postal Data Center Directors, or regional counsels will respond as follows to a request from a non-Federal source for medical information:

- If in the opinion of a Federal Medical Officer the medical information indicates the existence of a malignancy, a mental condition, or other condition about which a prudent physician would hesitate to inform a person suffering from such a condition as to its exact nature and probable outcome, the Regional Director, Postal Data Center Director, or regional counsel will not release the medical information to the employee or to any individual designated by him, except to a physician, or Postal Data Center Director designated by the employee in writing. The Regional Director, or regional counsel will release such medical information, with a caution against divulgence, in response to a subpoena.

- If in the opinion of a Federal Medical Officer the medical information does not indicate the presence of any condition which would cause a prudent physician to hesitate to inform a person suffering from such a condition as to its exact nature and probable outcome, the Regional Director, Postal Data Center Director, or regional counsel will release it in response to a subpoena or to the employee or to any person, firm, or organization he authorizes in writing to have it.

- If a Federal Medical Officer is not available, the Regional Director, Postal Data Center Director, or regional counsel should refer the request to the Civil Service Commission regional office with the medical certificates or other medical reports concerned.

.614 In no event will any records containing information as to the employee's security and loyalty be released.

.615 Subpenas calling for the production of records may be honored only when disclosure is authorized by these regulations.

.616 When employees are authorized to comply with a subpoena duces tecum, they will not leave the records themselves with the court, but will leave copies prepared for that purpose. Comply with section 721.643 in those cases in which the United States is not a party.

.62 COMPLIANCE WITH SUMMONS

.621 A postmaster or other postal employee will comply with a summons requiring his appearance in court. He will not testify as to any matters exempted under 113.15.

.622 Postal inspectors and other employees having possession of inspectors' reports or Inspection Service records are prohibited from presenting such reports or records in either State or Federal courts in which the United States is not a party in interest, unless authorized by the Department. (See sec. 113.12b.) Should an attempt be made to compel production of exempted matter (see sec. 113.15), the inspector or employee will decline to produce the information or matter, and state it is exempted and cannot be disclosed or produced without specific approval of the Department. The Department will offer every possible assistance to the courts, but the question of disclosing exempted information is a matter entirely at the discretion of the head of the Department.

113.7 MAIL COVERS

Authority to order a mail cover is restricted to the Chief Postal Inspector or your postal inspector in charge. Upon request of either of these officials, furnish them with information regarding the address, return address or postmarks on mail. When specifically requested by the Chief Postal Inspector or your inspector in charge furnish such information to a designated postal inspector. Do not give such information to anyone else.
